

Thursday comes Halloween again and it always reminds me of a sad experience. . . . Once, in what I thought was a stroke of genius, I assigned a reporter to interview the chief of police in a town where I was editing a daily. . . . The topic was to be "What Not To Do on Halloween". . . . The chief co-operated and listed a series of "don'ts", things not to do on Halloween night. . . . On Nov. 1 not a person in town would speak to me. . . . Seems the kids took the list of "do not's" and turned them into "do's". . . . They did everything they were told not to do and the whole town blamed me. . . . Never again will I tell a youngster what not to do.

**AIR MAIL** Week is with us this week. . . . Talking things over with R. M. (Pop) Gorham, postmaster, and Bill Ortwin of the Western Air Lines, learned some interesting figures on air mail. . . . For instance, if you drop an air mail letter in the post office slot here at 7:59 a. m. today, it will be delivered in Chicago and New York tomorrow morning the first delivery. . . . The letter goes out of here on the 9:19 a. m. plane, arrives in L.A. at 10:34, in Chicago the same night and in New York the next morning. . . . And, as Pop Gorham said last week, it only costs two cents more than regular mail (five cents now for air mail) but gets there two days earlier.

**SAFETY WEEK** is past but Cecil Isenagel of the Tanner Motor Livery, reported interesting safety statistics this week. . . . He said that during last week's Western Week and Men's Wear Manufacturers Association convention, his company's taxi-cabs and cars went 10,500 miles—without a single accident. . . . The Yellow Cabs really got a workout with eastern buyers at the convention and visiting manufacturers wanting to get around and see things during their time off from convention sessions. . . . What's become of the plan to put more lanes on Palm Canyon drive? . . . The slow-moving sight-seers still hang their left wheels on the center stripe so those of us who have to go some place can't get by. . . . With more lanes, maybe they'd leave room to pass.

**MUSIC DEPT** notes: Away last January I heard the musical spring play "To Each His Own" while writing an arrangement of it for a Los Angeles band and said it would be a No. 1 tune. . . . It was, seven months later. . . . The same with "Old Buttermilk Sky" now climbing up there. . . . The reason for the above is that last week-end I heard "This Is Always" on the same piano and think it will come up. . . . "Rumors are Flying" is in the first three and will undoubtedly get to the top. . . . That one I picked from a flock of records the little girl at Reed's played for me.

**SPEAKING OF MUSIC**, last night, as you know, I was flat on my back with a cold and couldn't get up to KCMJ for the weekly "Spin Your Own" record program. . . . Sent Frank Keeney and Lois Woodbury from the office to sub for me and wrote out something for them to start the program. . . . I wrote, "Phat is flat on his back" but when I heard it via the bedside radio it came out like this: Phlat is Phat on his Phlat. . . . That puzzled me because I always thought I was rotund. . . . And also how could I be Phat on my Phlat? . . . Anyway, they did a good job, and thanks.

**THE SUN** is going to have a new telephone number. . . . On and after Friday, Bill Nash tells me, it'll be 2249. . . . All phones will be on one number with little switches to flick from news to advertising to business office and back. . . . Hate to see that old number 3594 go. It has been with us a lot of years. . . . The address of The Sun office is 359 North Palm Canyon and, as Bill Nash explained, the line into the office was 359. . . . The 4 was just on there to designate the station ring. . . . So instead of dialing 3594 for the ad and business office and 3741 for the editorial room, all you'll have to do is dial 2249 and ask for the department you want. . . . That is, Friday and after.

**THE MAIL** this week was all on one subject—yeah, you guessed it. . . . Mrs. John H. Whitt, a newcomer here, wrote: "I came here June 7, so sick I couldn't sit up. . . . Now, I am able to walk a lot and enjoy this beautiful Village. . . . I enjoy your paper very much and would like to make one suggestion for the city dads. . . . Put back the benches but mark some of them for women only. . . . Then we women would be able to sit and rest while out sight-seeing or shopping without the men hogging them all."

**AND IN CLOSING**, don't forget that a week from today you have an important duty. . . . Go to the polls and vote. . . . It's your government. . . . You won't have a right to kick about the government you get unless you take a hand in selecting it.

## Vet Housing Plan Clarified at Meeting

### Village Time Halloween Discussed at Party Plans Joint Session Completed

Chamber Group in Session with City Councilmen Today

City committee of the chamber of commerce was scheduled to sit at the luncheon meeting of the city council sitting as a committee of the whole in a cloistered corner of the Desert Inn dining room today.

Important questions which were to be discussed were the proposed change in Village time to daylight saving time and whether or not the chamber would receive the \$2500 it asked for in support of its work. . . . Most important item that will come up before the council itself was the naming of the person who is to receive the master lease of the army air base under the city's interim permit. . . . It is known that only three applications of the 21 who filed originally have run the gauntlet of scrutiny as to ability and financial responsibility. . . . There were strong rumors in aviation circles Friday and Saturday of last week the person who was to get the airport lease had already been selected. This, however, could not be confirmed officially.

### Village To Get Double Service Via Western Air

Effective Nov. 1, Palm Springs will have doubled service by air to Los Angeles with close connections at the latter city to northern and eastern points.

Bill Ortwin, local representative of the company, said yesterday that new and faster scheduled planes have been arranged, schedules that will permit travellers boarding planes here to be in San Francisco or Oakland less than four hours later.

**UNDER THE NEW** schedule, the first airplane leaves Los Angeles for Palm Springs at 6:15 a. m., arriving here at 7:12 a. m. Another plane leaves Los Angeles at 11:30 a. m., arriving here at 12:27 p. m.

Westbound, the first flight out of the city is at 9:19 a. m., via Long Beach, arriving there at 10:09 a. m. and at Los Angeles at 10:34 a. m. This plane makes direct connections at Burbank with the San Francisco plane leaving there at 11 a. m. and arriving in San Francisco at 12:55 p. m. It also makes connection with the Oakland plane leaving at 11:05 a. m. arriving in Oakland at 1:40 p. m.

**THE FLIGHT** leaving here at 1 p. m. connects at Burbank with the San Francisco plane leaving at 3:15, arriving at Oakland at 5:10 and at San Francisco at 5:35 p. m.

Connections for San Diego may be made on the 9:19 plane at Long Beach and on other planes at Los Angeles. Connections are also available at Los Angeles for Las Vegas, Salt Lake City, Denver and Chicago.

### Nice Gift

Softball League Helps Girl Scouts

Palm Springs Girl Scout council received a nice birthday gift this week—a check for \$146.15.

The money represented the profit of the Softball League just closed. For the first time in its history, the Loop made a profit this year and team managers, meeting with Bob Bennett, league organizer, decided that the money should go to the Girl Scouts.

In a letter to Mrs. A. E. Bailey, Girl Scout Commissioner for the Village, Bennett wrote: "At a recent meeting of the team managers and myself, it was unanimously agreed to donate the unused balance of the Palm Springs Softball League fund to the Girl Scout chapter of Palm Springs for whatever use you and your officers may choose. . . . In view of the foregoing, please accept the enclosed check in the amount of \$146.15."

Boys Will Meet At Torney Gym; Girls at Theater

Goblins and witches riding broom sticks may be abroad in the skies over Palm Springs Halloween night but the Village girls and boys are going to be too interested enjoying better sights and entertainment.

Come 7:30 p. m. on October 31, all the little girls in the Village will be the guests of Earl Strebe and the Lions Club at the Palm Springs theater. While there they will be entertained by a special "spook" show and local magicians. They'll have candy and other sweets and when they leave the theater each will be given a big red apple to take home.

**GOBLIN OR WITCH** will not be allowed to come anywhere near them because Chief of Police August Kettmann has assigned his bravest and strongest policemen, including Jim Maynard, to watch over them.

As for the boys, they have on their program at the Torney General hospital just all sorts of games. There will be special entertainment for the boys, too.

**THE ENTIRE PROGRAM** is in the hands of Earl Hough in charge of the girls' and boys' committee of the Lions Club and his two assistants, Frank Partridge and Chief of Police August Kettmann.

First, the committee was lucky to receive from Joe Butler of the Safeway Stores three big boxes of red apples which are to be given away to both the girls and the boys. Chief Kettmann announced there would be other "goodies" too and plenty of them for everybody.

**EVERY GIRL** and boy is urged to come in costume IF HE or SHE WANTS TO but it is not compulsory.

And, in addition to the teen-aged girls of Palm Springs, all children living at Desert Hot Springs, Cathedral City, Rancho Mirage or from just anywhere who can get here for the big doings, are invited.

Cecil Isenagel has promised to provide the transportation for the boys to the Gym at Torney General hospital. The boys will congregate in front of the Chamber of Commerce between 7 and 7:30 p. m. and big busses will pick them up for the trip to the scene of the games and festivities.

**EARL HOUGH** said that last year in the neighborhood of 300 to 400 boys took part in the fun and he expected that just as big a crowd or more will be present this year.

### Congressman Will Speak Here Tomorrow Night

Palm Springs Republican committee in session yesterday morning at the Fiesta House on the Desert Inn grounds mapped plans for next Tuesday's election and for the appearance here tomorrow night of Congressman John Phillips.

Congressman Phillips will speak at a great G.O.P. rally at the council chambers, 810 North Palm Canyon drive, in the El Paseo building. He was originally scheduled to address an outdoor meeting in the Plaza but because of the threat of rainy and cold weather, the meeting was transferred to the El Paseo building.

James G. Shea will introduce the congressman. Mrs. Melba Bennett, chairman of the local Republican committee, will preside.

At yesterday's meeting, captains and workers were appointed for every precinct in the Village and an attempt to get out a record vote will be made.

### Incinerator Blamed For Rubbish Blaze

A spark from an incinerator at the Desert Retreat at 5:22 p. m. Friday set fire to a trash pile and resulted in a summons to the fire department.

The blaze was a minor one with no damage and had been quenched by the time the department arrived.

**GETTING READY**—Chief of Police A. G. Kettmann, left, and Frank Partridge, right, in foreground, load apples for the big Halloween party Thursday night. Partridge is head of the Boys' club here. In the background, left, Joe Butler of the Safeway, who donated the apples for the party; and Earl Hough, chairman of the Lions club Boys' and Girls' work committee. It's going to be a gala affair. ### Sec'y Krug to Be Back Later For Conference

Here for a day and an evening between two important meetings, Secretary of the Interior J. A. Krug plans to be back again about Nov. 6 at which time he will discuss important questions in regard to the Indian reservation and other local affairs, it was reported today.

Secretary Krug flew in from Needles where he discussed conservation projects with citizens there Friday evening and the next morning took off for El Centro where he addressed another conservation meeting.

**REORGANIZATION** of the various departments under his jurisdiction which will go far toward speeding conservation and reclamation projects on the California deserts were pledged by the cabinet official.

Krug met with directors of the Coachella Valley water district after his El Centro meeting.

Krug flew in late Friday afternoon on an army transport plane and was a guest at Charley Morrison's Stables at its formal opening that night.

**EARLY NEXT MONTH**, on Nov. 6, Krug is expected back here for a stay at the Desert Inn where he will probably confer with chamber of commerce and civic officials on matters of vital importance to the Village in connection with department of interior affairs.

His visit last week was so brief and had to do with other matters in the vicinity that he did not have time to go into details at that time.

### Dampish

Rainfall Record Is Still Behind, However

Palm Springs, in company with all the rest of Southern California, got its feet wet Sunday and yesterday.

Rainfall here, as measured at 10 a. m. at the fire station, was .09 of an inch. The fall started late Sunday night and continued intermittently throughout Monday morning. The fall brought the season's total to .69 of an inch compared to 2.62 inches at the same date last year. Last year, it rained every month of the 1945-46 season from July 1 to October 28. This season there were two storms in July, none in August and a heavy rain the last day of September.

The rainfall cut the temperature Sunday after three hot days which saw the maximum over 90. Sunday it was only 77.

Temperature figures since last reported in The Sun:

|                   | Max. | Min. |
|-------------------|------|------|
| Thursday, Oct. 24 | 94   | 55   |
| Friday, Oct. 25   | 97   | 57   |
| Saturday, Oct. 26 | 92   | 58   |
| Sunday, Oct. 27   | 77   | 64   |

### No Deal

Employers and Union Meet in Discussion

Union organizers and directors of the Palm Springs Employers association, incorporated, met Saturday to discuss the matter of whether this Village shall be a "closed" union resort town or not, but no definite action on the part of either side was taken.

Instead another meeting was set for Friday of this week pending a meeting of those employers who employ culinary workers and bartenders.

So far, it is reported, one firm, a night club, has signed a closed shop contract with the Culinary and Bartenders union.

### Modern Stage Depot Assured For Villagers

R. R. Dunlap, Palm Springs agent for the Pacific Greyhound lines, yesterday received authorization from the Civilian Production administration, to go ahead with his plans for a new depot for the stage line here.

The building, to be erected at 218 North Indian avenue, will be of modern, concrete construction and will house the new bus depot and other conveniences for patrons of the line.

**THE STRUCTURE** is being erected by Agent Dunlap on property just north of the present depot. It will have a forty-foot set-back, providing plenty of room for off-street loading and unloading of passenger and parking of buses.

The building, 35 by 40 feet, will contain the ticket office, waiting room, soda fountain and rest rooms.

**EARLY COMPLETION** of the building is expected to provide Palm Springs stage patrons with the best in service.

With eighteen departures daily from the local depot, the present facilities have long been overcrowded and Dunlap has been striving for some time to put up a modern building. Yesterday's clearance from the OPA means that Palm Springs will soon have its up-to-date modern bus depot.

### Hospital Directors Will Meet Thursday

Judge Eugene E. Theriault today summoned the directors of the Community Hospital association to an unscheduled meeting to take place Thursday in the Fiesta House of the Desert Inn.

He said the meeting was being called to appoint committees and put them to work for the current winter season.

### Speak Up, and Win \$100 for Suggestions

Speak up, kids! Give out your ideas of a Youth Center for Palm Springs—what should it be like, what should it offer, and how it should be run.

The best paper along that line is going to reward the writer with a \$50 cash prize, the second best paper will net the writer \$25 and the next five best, will win \$5 each.

**JUDGES**, asked to decide the winners, The Desert Sun has asked Katherine Finchy, superintendent of Desert School district, Chief of Police A. G. Kettmann, Mrs. Harold Hicks, head of the Youth Center movement, Earl Coffman, and Mrs. Madge Holderman, public health nurse.

The contest is based on the question: "How can we make Palm Springs a better place for youth?"

**FOR THE BEST ANSWER** to that question The Desert Sun will pay \$100 in cash prizes as outlined above.

Youngsters are asked to tell what's wrong with the city plans for them as well as what they think is good and should be done.

Since a Youth Center is assured for the Village suggestions on what it should be will be welcome—also ideas on what is needed in the way of parks, playgrounds, swimming pools and other recreational facilities.

Answers should be addressed to The Desert Sun and postmarked before midnight, Nov. 5. Remember—\$50 to the winner, \$25 to the second best and five other \$5 prizes.

### Speed Plans for Legion Memorial Building Here

John Holditch, chairman of the building committee of Owen B. Coffman post, American Legion, said today that his committee would meet tomorrow afternoon at 5 p. m. to select architects for the proposed World Wars Memorial building. Three firms are being considered: Clark and Frey, Harry Williams and son and H. H. Benedict.

The meeting will be held at the Palm Springs Water company office. On the committee with Holditch are John Connell, C. V. Knapp, A. E. Hoover, Joe Omlin, Harold Lieneau and Post Commander Gerald (Jerry) Sanborn, the latter an ex officio member.

### Airplane Lands in Street During Rain

Police were today seeking the owner of an airplane, No. NC56930, which came down on the desert on the eastward extension of Amado road.

The plane was covered up against the elements and the police blotter notation was: "Apparently riding out the storm."

### Procedure Explained by Builder

AMVETS Committee Meets with Allen On First Project

At a meeting with a housing committee of the AMVETS yesterday, Walter Z. Allen, builder of 95 homes under veteran's priorities, announced that the price of the houses has been placed at \$9700 and that the ex-servicemen who were assigned a home under this project should come in immediately and file an application for a financing loan.

The meeting between Allen and the Veterans of World War II (Amvets) followed action by that organization recently in naming a committee to call on promoters of various veteran building projects in the Village to clarify their status.

**ANNOUNCEMENT** that the homes would sell for \$9,700 each, and it made no difference whether they were two or three room houses, was met with satisfaction by the committee and other veterans.

One important question asked by veterans prior to the meeting was when those who did sign up for a home and were assigned one by Walter Allen, would be permitted to file an application for a GI loan.

Allen said that these applications can now be obtained at his office in the Arcade building and that those veterans who were assigned a home to come up as soon as possible and fill out the application.

**ALTHOUGH THESE HOMES** are 100 per cent financed, Allen pointed out that, in addition to the first monthly installment, certain other fees have to be paid which amounts to approximately \$351.00. The payments each month on this basis are \$67.62 per month for 24 years.

Allen told the committee that he would have been farther along in the construction of the houses if tile, hardwood, glass and other finishing items were obtainable. Right now, he said, construction is being held up for lack of these items.

**NEVERTHELESS**, he assured the AMVETS committee composed of Don Cameron, Bill Rashall, Frank Bogert, Angus Morton, and Dr. Claude Church, that everything is being done to facilitate speed of construction.

One point which the veteran group urged was that the first 95 veterans to whom houses were assigned go into Allen's office and fill out applications for their financing loans.

It is expected that many of these first veteran's may not qualify for these homes under the GI bill of rights, in that event the second waiting list of ex-servicemen will be asked to come in, Allen said.

**HOWEVER**, the committee was unanimous in urging that those vets who do not qualify among the first 95 who were assigned homes, list their names with AMVETS so that the list of those vets who have the next choice can be notified.

The deadline for the first 95 veterans in which to come in and file applications has been placed at December 1, in full agreement with both Allen and the AMVETS committee.

### 2-2-4-9

That's the Number To Dial To Get The Sun

On and after Friday, Nov. 1, when dialing The Desert Sun dial 2-2-4-9.

All telephones in The Sun office will be under the same number Friday. Heretofore the business office has been 3594 and the editorial telephones, 3741.

For the convenience of patrols, all numbers will be the same starting Friday.

Discontinuance of the old number, 3594, will be accompanied by a feeling of nostalgia by old-time members of The Sun staff. It has been The Sun's number for years—and it was easy to remember because the address of The Sun is 359 North Palm Canyon drive.

## Highway Patrol to Stage Races for Charity on Nov. 11

The Riverside Bombers Motor-  
cycle club has received the ap-  
proval of the American Motor-  
cycle association to stage the Pa-  
cific coast championship fifty-  
mile trophy motorcycle race near  
Riverside on Armistice Day, No-  
vember 11, 1946. After the prize  
money is paid to the riders, the  
balance of the proceeds will be  
turned over to the Widows and  
Orphans fund of the association  
of highway patrolmen.

Sanction for this race was  
sought on July 6th and the  
American Motorcycle association,  
whose headquarters is in Colum-  
bus, Ohio had the Pacific Coast  
AMA officials inspect the various  
tracks in Oregon, Washington  
and California, and approval was  
granted in September for the Pa-  
cific Coast fifty-mile TT cham-  
pionship race to be held on No-  
vember 11th at the Box Springs  
race track, five miles east of Riv-  
erside on U. S. highway 60. This  
track is of an irregular shape,  
six-tenths of a mile in length  
built around a miniature lake.  
The space for spectators is on  
surrounding knolls and hills  
which affords a safe and clear  
view of the entire length of the  
track. There is space for approxi-  
mately 30,000 and ample free  
parking space for all vehicles.

The letters "TT" are derived  
from the words "tourist trophy",  
this is simplified by saying "tough  
track."

Elimination heat races will be  
held starting at 10 a.m. in the  
morning, for the purpose of se-  
lecting the best twenty-four con-  
tenders.

## Habitat Groups Loaned Museum

The six habitat groups now on  
display in the Desert Museum are  
all loaned by the San Diego  
Museum of Natural History, di-  
rector Smith announced last  
week, and will be returned to  
that institution on the first of  
the year. The groups include the  
cactus wren, phainopepla, Cotton-  
tail rabbit, jackrabbit, red-tailed  
hawk, and kangaroo rat.

## Museum Starts New Season With Rush

Nearly 1000 persons visited the  
Desert Museum in the first week  
that it has been open, it was  
stated by the director, Mr. Smith.  
The museum opened for the sea-  
son on October 15th, and will  
continue to function through  
April.

Some people have been women

Conky's Gun Taken  
"Just As A Gag"

Conky Conkwright has his pis-  
tol of ancient vintage, the one  
with the cracked pearl handle,  
again.

Seems that someone who  
wanted to play a gag on the  
hill-billy filched the weapon  
from Conky's holster during  
Western Week.

Officer R. S. Phillips retrieved  
the gun from the prankster and  
it was stowed away safely at the  
police station until Conkwright  
came to claim it.

Conkwright, who threatened to  
leave town because someone stole  
his gun, is now said to be re-  
considering.

## Retain... EXPERIENCE and ABILITY Keep U. S. SENATOR Wm. F. KNOWLAND

Working for You in Washington!

### WHY YOU Should Vote for Knowland, Nov. 5th

1. He Has Made Good. Knowland's marked ability is recognized by Senate leaders in Washington.

2. Knowland Is Recommended by Governor Warren: On September 13, 1946, Governor Warren said: "I appointed Knowland to succeed the late Senator Hiram Johnson because I believed in his integrity and capability. My belief in Senator Knowland has been strengthened by his fearless and intelligent record in the Senate."

3. Knowland Is Opposed by Communists and the Political Action Committee of the C.I.O. Archie Brown, the Communist Party's candidate for Governor, told a cheering audience of 6,000 "comrades" at a rally in Los Angeles on August 15, that William Z. Foster, the Communist's national leader, was in Southern California to help organize a campaign to defeat "the Warren-Knowland ticket." Knowland has announced that he welcomes the opposition of the Communists and the P.A.C.

4. Knowland Is Sound on National Security. Urging an Army, Navy and Air Force, "second to none," Knowland, a member of the Permanent Congressional Joint Committee on Atomic Energy, has made the following pledge: "Until a system of international law and order is established that will guarantee the peace of the world, I am unalterably opposed to the surrender of the atom bomb secret to any nation on the face of the earth."

5. Knowland stands for the American Way of Life as Opposed to Bureaucratic Regimentation.

6. Knowland Has Attained National Recognition as a Champion of the Veterans. An ex-G-1, Knowland is familiar with the problems facing the nation's veterans. He has worked and will continue to strive to solve the housing mess — America's No. 1 Domestic Headache. Fighting to stop the exportation of lumber to foreign lands, while it is so badly needed for homes here, he was successful in curbing the amount being exported. His recommendations for price adjustments to encourage production were adopted belatedly. He was successful in freeing hoarded surplus stocks for veterans. A leader in the fight to streamline the G-1 Bill of Rights, he also authored the bill to restore hospitalized veterans to full compensation and the terminal-leave-pay law.

7. Knowland Supports Permanent World Peace Through the United Nations, and a firm, non-appeasement policy instead of a cheap, unenduring peace through the false policy of appeasement and isolation.

## Cahuilla Indian Exhibit Attracts Scores at Museum

One of several exhibits now to be seen at the Desert Museum in the east wing of the Welwood Murray Memorial library building is one on the local Cahuilla Indians. Examples of their pottery and basketry are displayed, as well as a hunting bow, war-club, arrowheads, grinding mortars and pestles, bone awl, drinking cups, and arrow-straighteners, with descriptions how the seed-beater and collecting baskets were used, as well as the basketry cap and carrying net. Accompanying the case is a large color wall map showing the location of the three units of the Cahuilla tribe in relations to neighboring tribes, such as the Serrano, Lusheno and Chemehuevi.

The Kodachrome slides in the automatic projector have been changed to show Cahuilla Indian material not displayed in the case itself, such as examples of basketry design, yucca-fibre sandals, gourd rattle, seed-beater, and boomerangs, which were of the non-returnable type.

Villagers and visitors are invited to view this and many other interesting exhibits now at the Desert Museum. There is no charge for any museum activity.

### GAA Carnival At High School Slated Friday

By BILL NORRIS

Great plans are being made for the G. A. A. annual carnival this Friday, November 1st. The carnival will be held on the high school grounds and the activities will start at 7:00 p.m.

The freshman class will be in charge of selling cream-puffs, and for amusement they will conduct a "fishing-game."

Popcorn and cokes will be sold by the sophomores. They will conduct a side concession of "ring toss."

MANY ACTIVITIES are being planned by the junior class. They will be in charge of selling malts, and various amusements such as having your picture taken, sending a telegram, ring-a-duck game and "The Haunted House."

The seniors will maintain a "roulette wheel," sell candied apples and hot dogs.

A novelty feature will be a "juke box" conducted by the glee club. Your favorite songs will be sung by the glee club members who will masquerade as the "juke box."

The popular game of bingo will be sponsored by the Letterman's club.

A "Wayside Inn" is being presented by the girls' league. This outstanding event will feature Spanish food.

G.A.A. MEMBERS will maintain a booth for "Penny Pitching," an old fashioned carnival game.

One of the most exciting events will be the voting of the carnival queen and king. All votes will be purchased for 10c and there is no limit to the amount of votes you may turn in. The queen and king of each class are seniors, Sally Robinson for queen and Don Williams for king, these two are a very promising couple. The junior queen and king are Shirley Renville and Dick Doro. Sophomore queen is Nancy Nye and Tommy Green. The reigning queen and king will be chosen from the above candidates.

TO ADD to a perfect evening of fun and entertainment the G.A.A. is holding a dance in the auditorium. The theme will be that of the carnival and a big-top circus.

Palm Springs NAA Chapter To Elect

An important meeting of the Palm Springs chapter of the National Aeronautical association will be held this evening at the La Cita at 7 p. m. Following the dinner, officers for the new year will be elected.

Members are requested to act at once on reservations by telephoning 6341.

### Doing the Village with Moya Henderson

Last week was a busy and a successful one. Anyone who had to fight the traffic down the center of town knows just how crowded it really was. The Los Compadres members who worked so hard to put the Western Week on deserve a lot of credit and there was a mighty lot of energy expended but everyone had fun. Monday morning began with a posse of rough riders holding up the buses as they entered town and giving them a royal escort to the Village. That afternoon saw all the crowd gathered at the Desert Inn for cocktails and later having one hilarious time at Kangaroo court.

The visitors donated liberally to the pot, proceeds of which went to local Girl Scouts. And if you saw the parade and that line of station wagons filled with Girl Scouts you know what a wonderful program that is.

were still able to walk or hold their eyes open rose early Wednesday and joined the breakfast ride—more of Boyer's excellent cuisine. The fashion show drew everyone to the Tennis Club later in the afternoon though goodness knows it's been like a fashion show every day around here with all these fancy western attires on all sides. Gladys Denton and Gordon Feekings had a group of friends over to a buffet supper before the rodeo. Mmes. Lauritz Hanson, William Lippman, Carl Lykken and Charles Henderson decided they liked the quiet life and chose the middle of this week to take off for Idyllwild on a bridge spree. The group stayed over night at the Henderson's cabin.

It was a great week and we feel the need of a great rest at this point but can't imagine where or when such will come from. We've got quite a little carnival to look forward to next week. The girls' athletic association out at the high school is holding its annual carnival next Friday and they want all you friends and parents to know you're invited to come and sample the frijoles and tacos, milk shakes and taffy apples and win innumerable prizes. Admission to the dance afterwards must be by bid as usual.

WALL SPALDING deserves a big hand for the promoting and publicity job he did. Saw Larry Schultz in town patting Wall on the back. Tuesdays barbecue at the mashe court was a costume affair in itself. Los Compadres members were the guests of the Wens Wear association. Everyone was looking for a shady spot under a tree as the old desert sun was really shining.

Mary McKeighan managed to make it over from the bank and join the fun, Harry Irwin was there minus Martha as she is still in Santa Ana.

Kangaroo court kept Billy Mosely busy most of the afternoon as she held the enviable job of taking in the money. Ann Purnel called up to say she was having a wonderful time, she'd been flying all day—well we'd heard tell that many people had butterflies that were doing a bit of flying, but Annie said no, she really was flying. And she was—Joe Daton, an oldtimer here, flew down from Los Angeles and spent the afternoon taxiing Anne and her daughter, Elanne, about. Lots of cocktail parties about town too—the Colonial House and the Lone Palm were busy spots.

AS FOR THE STREET dance, you could hear them alandering left for ten blocks. Earl Strebe and Frank Portnoy donated generously to the kangaroo court fund and came off the platform still smiling. Those who

### Village Share in Liquor Licenses Set at \$3,966.88

Palm Springs will receive \$3,966.88 as its share of liquor licenses collected during the first six months of 1946, William G. Bonelli, fourth district representative of the state board of equalization said Monday. The city's cut in liquor taxes is half of the state's total collected here.

Riverside county cities will receive \$32,605.48. The Village's "take" is second largest in the county, only the county seat exceeding it. Beaumont, according to the figures, is the driest community in the county, receiving only \$643.13.

## Authentic Pictures Of World War II To be Shown Here

As a special series of Friday night presentations, the Desert Museum will sponsor a dramatic film history of World War II, showing eight documentary government sound films not generally released to the public. These films, it was pointed out by Museum director Lloyd Mason Smith, are of such interest and authenticity that they should be seen by everyone. Each is complete in itself, but the whole series should be seen to get an over-all picture.

The first to be shown is entitled "Prelude to War," and was directed by Frank Capra, and narrated by Walter Huston. It will be shown on Friday evening, November 1, in the basement room of the library. Then, every Friday thereafter until the series is completed, will be shown: The Nazis Strike, Divide and Conquer, The Battle of Brit-

ain, the Battle of Russia, War Comes to America, Attack, The Battle for New Britain, and The Battle of San Pietro. Several of these were awarded prizes as the best documentary films of their year.

These showings are one of several regular features of a cultural nature offered by the Desert Museum to the residents and tourists of the city. There is no charge for any museum activity, and the public is cordially invited.

## Junior High TATTLE - TALE

Not to be outdone by the high school's "Smoke Signal," students of Nellie Coffman junior high have petitioned The Desert Sun for space in which to publish doings at their school. They have named the column "Tattle-Tale" and it will appear every Tuesday beginning hereafter.

"Tattle-Tale" will be edited by three junior high students: Edward Griffing, Mary Penderly and Janet Jaynes. The items will appear just as written by the students.

**INTRODUCTORY**—The expansion and growth of Nellie Coffman Junior high school and the cooperation of O. B. Jaynes, publisher of The Desert Sun, have made this weekly column possible. It will give the Villagers and parents of the students a summary of what goes on at school. It will acquaint them with the teachers and our principal, as well as with our newly-elected student body officers.

**TEACHER INTERVIEWS.** Believing that both students and Villagers will be interested in knowing more about the teachers at Nellie Coffman Junior high, we are going to run in this column a series of interviews with them.

We thought it would be appropriate to interview our principal first. George F. Manington, is realizing his life's ambition, which was to be a school teacher. After leaving college, he tried working in a factory, but didn't like it and returned to college to get his teacher's certificate.

His first teaching position was at Barstow, after which he received an offer to teach in Palm Springs. He was very glad to accept it. After one year of teaching he became principal. A year later he left to join the Army. In the fall of 1945 he returned, after two years in the military service, to resume his duties as principal of our school.

Mr. Manington is a native of Chicago, where he was born in 1909. We consider ourselves very fortunate in having such a young and capable principal.

**STUDENT GOVERNMENT.** About three years ago the students now in high school drew up a constitution for the school, which enabled them and the students in the following years to have a distinct hand in running Nellie N. Coffman administration.

We have an executive committee which is made up of a president, elected from the eighth grade, a vice-president, also from the eighth grade, a secretary, and home-room chairman from each of our six home-rooms. These

## W. E. Colburn Family Returns for Season

Back in Palm Springs for another season were Mr. and Mrs. William B. Colburn following a summer vacation, most of which was spent at their home in Rancho Santa Fe.

They also spent some time with relatives in the Yosemite area. Recent house guests of the Colburns were Mr. and Mrs. James Monroe and child of Pasadena. The Munroes are son-in-law and daughter of the Villagers.

students meet once a week to make laws and to either reject or approve them. If they are approved, they go before the student council, which is made up of three councilmen from each home-room, a total of eighteen.

Mr. Manington, our principal, and the teachers are very pleased with the way our student government is working.

**TACKLE FOOTBALL.** "Swell turnout, gang, and I hope to see even more of you out here on coming Saturdays," said high school coach Scott Thompson. Organization of "Boys' Saturday morning tackle football practice" got well under way this month. The coach, known and liked by all Palm Springs boys of junior high and high school age, started these weekly practices to give fun to the boys and build up a strong group for his high school team. Uniforms were supplied and drill started at nine-thirty. The boys were very enthusiastic about it.

## SPILLED MILK

We have awfully cute teachers this year, especially Mr. Olson who wears big, flannel pajamas to his gym classes.

Smooch smooch, what Ronald Nelson of Desert Hot Springs did! "By the way kids," says Ronnie, "it's kind of dark backstage in room 8-2."

**WE WONDER** why Betsy Staggs dodges fiendish Joe Garcia when he tries to take her picture at noon.

Has anyone noticed the ten gallon hat Mr. Cole was wearing during Western Week? Wonder what he stored in it; "blue slips" no doubt.

**POOR JACKIE** Foughe has resorted to selling hot dogs at rodeos! We don't want to get him into trouble, but gee it was funny. One minute he had a whole tray full of hot dogs and wasn't doing so well, and the next minute he was calmly sitting in the stands watching the show. Mizysac with all those sweat-

ers—my! Makes the handsome boys just sigh. She loves them all but keeps it mum.

## Summer Trip Into Picturesque Area Subject of Talk

Narrating his summer's adventures while touring extreme northeastern Arizona and southeastern Utah, Director Lloyd Mason Smith of the Palm Springs Desert Museum spoke before a capacity audience at the Fiesta house of the Desert Inn. Mr. Smith illustrated his talk with Kodachrome slides taken on the trip, which was made in the company of Jack Breed, noted western photographer, and John "Chico" Czehatowski, both of Massachusetts.

Starting here, Smith took in imagination his audience across to Arizona, south to Tucson to the San Xavier mission and Sabino canyon, then to Oak Creek canyon near Flagstaff, and into Monument valley proper, where he described visiting an uranium mine and discovering a new one-roomed Indian ruin. He concluded the trip with a description and pictures of the trek on mules down to remote Rainbow bridge, world's largest natural bridge.

Director Smith's talk was the first in the series of regular weekly guest talks to be given every Saturday night at 8:00 o'clock in the Fiesta House.

## Father of Local Woman Succumbs

Mrs. Gayle Thompson received word Friday morning of the sudden death of her father, John W. Malaer at his home, 153 West Century boulevard, Los Angeles. He was 75 years of age at the time of his death.

Funeral services for Mr. Malaer were held yesterday at Forest Lawn cemetery.

Besides Mrs. Thompson, he is survived by two other daughters, Mrs. Eula Padlock and Mrs. Elsie Powell, both of Palm Springs and his widow, of Los Angeles.

The Villagers went to Los Angeles yesterday for the last rites.

## Horns Exhibited By Local Group

Showing the difference between true horns, which are permanent, and antlers, which are shed annually, an exhibit in the Desert Museum displays the horns of the local desert bighorn sheep and the cast-off antlers of the black-tailed deer. The bighorn are uncommon now, having been killed off by uncontrolled hunting in the early days, but specimens are still seen in the Santa Rosa mountains and in the area of Joshua Tree National Monument, Director Lloyd Smith said. The deer are fairly plentiful on both the Santa Rosa and San Jacinto ranges where they are protected.

## AMVETs Planning Further Study of Housing Situation

Further investigation of veteran's housing projects and suspected diversion of building materials gained under veteran's priorities is planned by the Palm Springs post of the American Veterans of World War II.

At the regular meeting held in the Legion Hall of the American Legion, Rancho Mirage, Frank Bogert is to head a committee of six veterans ordered by the main body of the membership to see if the purchases of houses now being constructed as solely veteran projects can be speeded up.

Two or three building contractors in the Village will be asked to explain the diversion of building materials from veterans' projects.

Next meeting of the AMVETS will take place November 8, at which time that committee will make its report and future steps decided upon.

### Local DAV Post Will Meet Tonight

Members of the Palm Springs post of the Disabled American Veterans will hold their first meeting in the supper room of the Fire House tonight, at 8 p. m.

## It Took Them Only Four Days To Be Villagers

Just another case to prove that there is no place like Palm Springs.

Mr. and Mrs. Porter Morstad arrived in Palm Springs for the first time Monday, October 21, for a few days stay at the Vista del Sol, to attend the Men's Wear convention. Mr. Morstad is a retired clothing merchant from Los Angeles. By Wednesday the Morstads were sold on Palm Springs and on Thursday they were the proud new owners of the attractive Frank Ranahan home on San Jacinto way.

Both purchaser and seller were represented by Don Fry of the Peter B. Sheptenko Real Estate Office.

### Hit-Runner Smacks Villager's Auto

Paul Tarr of the Village reported to police this week that a hit and run driver had crashed into his parked car at Indian avenue, near the Plaza, and sped away.

A passer-by noted the number of the offending driver and gave it to police who are now checking with Sacramento.

If mankind had wished for what is right, they might have had it long ago.—William Hazlitt.

## Palm Springs P.E.O. Chapter Entertained By Mrs. Holly Visel

The attractive adobe home of Mrs. Holly Lash Visel in the Santa Rosa tract was the meeting place of Chapter KV, P.E.O. last week. Dessert was served by the hostess before opening the meeting. Mrs. Barnum of Morongo Valley was a guest for the afternoon. Mrs. Fay Brainard, president of the local chapter, and her mother, Mrs. Gertrude Schlosser, arrived this week from their summer home in Estes Park, Colorado.

A quiz on the P.E.O. constitution by Mrs. J. Robertson Macartney, and the reading of the California State Chapter By-Laws of P.E.O. by Mrs. Gordon Nicholson marked the afternoon's program.

Mrs. Josephine Sprague will be hostess for the next Chapter KV meeting at her home on Paseo El Mirador, November 13.

### Mrs. Keenan Wynn Plans Divorce Suit

Palm Springs apparently was just a stopping off place for Mrs. Keenan Wynn when she arrived here last week for a brief stay.

For today she is reported taking off for Las Vegas where she will establish residence preparatory to obtaining a divorce.

Hollywood rumors have had it for some time that Mrs. Wynn, as soon as she is free, will marry Van Johnson.

#### Lost Mail Sack Speedily Found

The back door of an express company truck popped open and a mail sack, bound for the S.P. depot, dropped out.

H. R. Appleton, driver, soon discovered the incident and reported his loss to the police station.

There he found the missing sack. It seems Charles Houser, a visitor from Weldon, Calif., saw the mail sack at the corner of Tahquitz and Palm Canyon drives and notified police who picked it up.

## Gala Crowd Aids Racquet Club in Formal Opening

The Racquet Club marked the formal opening of what promises to be an unusually busy season with a gala party featuring the popular orchestra of Matty Melnick, Saturday.

Dinner was served beginning at 8 p. m.

The very successful informal dinner dance a week ago served as a good rehearsal for the club's newly remodeled kitchen facilities and it was well prepared to handle a record crowd at the formal opening.

## New Children's Shop Opens Here
